Viña Los Vascos

“Being pioneers in Chile was an exciting challenge, and we have chosen a superb location.” Baron Eric de Rothschild

The history of Domaines Barons de Rothschild (Lafite) goes back to the purchase of Chateau Lafite Rothschild in 1868. For more than five generations, developing excellence in winemaking has been at the heart of their mission.

Today their prestigious vineyards around the world share the same savoir-faire to produce wines that express finesse and elegance in the Lafite spirit.

Domaines Barons de Rothschild (Lafite) acquired Viña Los Vascos in 1988, animated by a pioneering spirit and with the vision to reveal the potential of this exceptional land through patience, passion and an unrelenting quest for excellence.
