

VAL DE L'OURS SÉLECTION 2018

There's a place on the hills bordering the Mediterranean shores where nature has always been so abundant that brown bears had chosen it to settle down, knowing that the rocky hillsides and forest would provide them a safe habitat, and the thick vegetation ample supplies of food and water. Today human activity has reclaimed this fertile valley, pushing the bears further up towards the Pyrenean mountains and allowing us to produce a range of generous wines.
