

ROSÉ 2025

At Los Vascos, generation after generation, we dedicate ourselves to caring for our vineyards and orchards, preserving our unique ecosystem. We are committed to our land and to the well-being of our rural community. Together, we cultivate to sow the future.

■ VINEYARD ATTRIBUTES

Appellation : Colchagua, Chile

Los Vascos estate lies in the foothills of the coastal range, 200km South West of Santiago, in the cooler part of the Colchagua valley, where the vines benefit from an ideal microclimate thanks to the influence of the Pacific Ocean.

Terroir : Los Vascos is made up of a large diversity of soils. The heart of the estate, in the valley floor, consists of sand and clay alluvions left by the erosion of neighbouring granitic hills, as well as Tosca, a very hard soil made from volcanic ashes that have been transported by rivers into the plains and compacted over time. Grapes are sourced from dedicated plots of Cabernet Sauvignon and Syrah, that are tended with a view to producing a great rosé.

■ VINTAGE SUMMARY

A rainy and cold winter gave way to a spring with typical conditions. The start of summer was rather warm, leading to a very rapid development of short-cycle grape varieties such as Chardonnay and Sauvignon Blanc. After a few heatwaves, the summer began with below-average temperatures. The season ended with a moderate, average autumn. A year we expected to be hot, but which ultimately turned out to be rather balanced.

■ WINE MAKING SCHEME

Grapes are harvested early in the morning, when temperatures are lower, in order to preserve the aromatic freshness of the grapes. At the winery, grapes are pressed directly and fermented at low temperatures in stainless steel tanks to preserve their aromatic potential. The wine is aged in tanks to retain the purity of the fruit.

■ TASTING NOTES

Delicate, pale pink hue.

The nose is intense, featuring citrus notes such as tangerine and grapefruit, along with indulgent aromas of strawberry tart and watermelon.

The palate is fruity and expressive, offering a beautiful balance between volume and acidity, which confers freshness and a long, elegant finish.

TECHNICAL INFORMATION

Varietals : Grenache noir 48%, Syrah 33%, Mourvèdre 19%

Alcohol content : 13 % vol.

pH : 3,14

Total acidity : 3,97 g/l
