

LE BLANC DE DUHART-MILON 2024

■ VINEYARD ATTRIBUTES

Appellation : AOP Bordeaux, France

Pauillac is located on the left bank of the Gironde estuary, approximately 40km north of Bordeaux. With the tempering influence of the estuary and a great diversity of soils originating from both the Massif Central and the Pyrenees, Pauillac boasts exceptional climate and geological conditions for the production of outstanding wines.

Terroir : Le Blanc de Duhart-Milon comes from plots located on the easternmost part of the estate, on the Anseillan side and in an area where Lafite and Duhart both have neighbouring plots producing red wine. A rigorous selection of Sauvignon and Semillon clones has allowed us to match our grape varieties to our terroirs.

■ WINE MAKING SCHEME

The grapes are picked in small crates and meticulously sorted. It is cold-pressed and then vinified in French oak barrels. These barrels are carefully made by our Tonnellerie des Domaines in Pauillac and benefit from the know-how acquired for Château Rieussec. The proportion of new wood is adapted each year but never represents more than 60% of the barrels. Our wines are then matured in these same barrels on the lees for about 8 months. This time gives to Le Blanc de Duhart-Milon its ageing potential without losing its freshness.

TECHNICAL INFORMATION

Alcohol content : 12,5 % vol.
