

## SAGA R GRAVES 2018

Generations of local knowledge have taught our grape growers the secrets of each appellation. They know where to source the best grapes to create the most outstanding wines.

### ■ VINEYARD ATTRIBUTES

**Appellation** : France

The Graves appellation is the closest to the city Bordeaux, stretching South East from the city on a long strip of land on the left bank of the Garonne river.

**Terroir** : The terroir of Graves is made of gravel, clay and fossil-rich limestone so typical of the Bordeaux region. It is the only one to have given its name to the appellation itself ! Its situation is ideal, protected from the bad weather by the Landes forrest to the South, whilst the proximity to the Garonne prevents it from drought.

The round pebbles that gave their names to the appellation help retain the heat for a long and steady maturation of the grapes.

### ■ VINTAGE SUMMARY

Despite particularly capricious weather conditions, 2018 will undoubtedly go down as one of the Bordeaux region's great vintages. An exceptionally rainy winter and spring resulted in important threat of mildew, there were also violent hailstorms in May and July that destroyed 80% of the crop in some vineyards. Fortunately, the situation improved dramatically over the summer, which was the hottest since 2003. Conditions were then ideal for the ripening of the grapes: the contrast between warm, sunny days and cool nights resulted in good aromatic concentration and an excellent balance of sugar and acidity.

### ■ WINE MAKING SCHEME

Vinification was carried out according to traditional Bordeaux methods, with destemming and crushing of the grapes before fermentation in temperature-controlled, stainless-steel vats. Fermentation took place at 28°C, and was followed by two weeks of maceration with regular pumping over to ensure a gentle, gradual extraction of the tannins. After malolactic fermentation, 20% of the wine was transferred to French oak barrels to be aged for 12 months.

### ■ TASTING NOTES

Beautiful deep ruby red colour.

The nose is subtle and elegant, blending balsamic aromas of liquorice and caramel with notes of graphite and black pepper.

On the palate, the wine is full-bodied and harmonious, expressing a pleasing sweetness. The tannins are fine and silky, while the finish is long and aromatic with notes of liquorice.

### TECHNICAL INFORMATION

**Varietals** : Merlot 63%, Cabernet sauvignon 32%, Cabernet franc 5%

**Alcohol content** : 13.5 % vol.

**pH** : 3.52

**Total acidity** : 3.66 g/l
