

CHABLIS GRAND CRU VALMUR DOMAINE 2025

The steep and rocky slopes stretching to the right and left of the Serein are the cradle of a history over one hundred and fifty million years old. A unique Kimmeridgian terroir, an alternation of marl and marly limestone, endows Chablis wines with a mineral character and immense freshness. A typicity that is envied, often imitated but never equalled. As incomparable and admirable as it may be, a terroir can only fully reveal its potential through the work of people. At Domaine William Fèvre, everything is done, regardless of the level of appellation, to express the authenticity of the Chablis terroirs.

VINEYARD ATTRIBUTES

Appellation : AOC Chablis Grand Cru Valmur, Bourgogne, Chablis, France
Appellation of 10,5 hectares in the midst of the Grands Crus. It forms a valley adjacent to that of Vaudésir, with its tip connecting to Les Clos. Its terroir is divided into two sections, on either side of the chemin de la fontaine Sainte Vaubourg. Its shape resembles that of a small valley, which is where the name Valmur comes from.

Terroir : The clay-limestone soils are deeper and brown at the bottom, whereas at the top they are lean and white. At the summit of Valmur, the marly vein outcrops. A plot of 1.15 hectares, representing 9% of the total appellation, is exposed to the south/southeast.

WINE MAKING SCHEME

Application of the principle of gravity to avoid any pumping, which could alter the quality of the wine. Short-duration pneumatic pressing (1.5 to 2 hours) for a delicate separation between the solid and liquid parts of the grapes. The vinifications are carried out in stainless steel vats. Aging lasts 18 months, including 5 to 6 months on fine lees in French oak barrels for 40% of the blend. The aging process finishes in small stainless steel tanks.

TECHNICAL INFORMATION
Varietals : Chardonnay 100%
