

DOMAINE D'AUSSIÈRES

HAMEAU D'AUSSIÈRES 2023

Aussières was built on a fertile ecosystem where nature and people come together to learn from each other and create. Our village is very much a living place, where dialogue is the cardinal value. A dialogue of many kinds: between the elements, between the generations that have labored its grounds, between its villagers and craftsmen, and between the wine world's different schools of thought. That is what moves us forward, ultimately creating wines that tell a story of place, respect and nuance.

■ VINEYARD ATTRIBUTES

Appellation : AOC Languedoc, Languedoc-Roussillon, France

The estate is nestled in the rugged hills just behind the Mediterranean coastline of Narbonne, in the South of France.

Terroir : The traditionnal Languedoc blend is made predominantly of Syrah, with Carignan, Mourvèdre and Grenache, whilst the cooler terroir of Ausières confer the wine its exceptionnel balance and finesse.

■ VINTAGE SUMMARY

The spring of 2023 was very similar to 2022, with a particularly hot April and very low rainfall in winter and spring. The vines started early and by mid-May they were already showing signs of water stress impacting vegetative growth. At the beginning of August, the vineyard was at mid-veraison and water stress was increasing, with Chardonnay and Grenache showing a better resistance. The second half of August was scorching, but 15 mm of rain enabled the harvest to start on August 25th. Another 50 mm of rain fell in mid-September, easing the end of the ripening process and giving the vines a chance to breathe after a very difficult year. The harvest went on smoothly.

■ WINE MAKING SCHEME

Hameau d'Aussières is made according to the traditionnal method. Alcoholic fermentation takes place in temperature-controlled stainless steel and concrete tanks. The Carignan partially undergo carbonic maceration, contributing to its distinctive style. During fermentation regular pump over allow a gentle extraction of the tannins and phenolic compounds. Once the fermentation is completed, the wine is left untouched for a couple of days. Total maceration time stretches 15-20 days.

■ TASTING NOTES

The colour is ruby red.

The nose reveals woody and spicy notes highlighting black fruit aromas.

On the palate, the attack is smooth, then builds in intensity, revealing a dense and well-structured wine.

TECHNICAL INFORMATION

Varietals : Syrah 38%, Grenache noir 33%, Carignan 26%, Mourvèdre 3%

pH : 3,6

Total acidity : 3,24 g/l
